

Anglia Notes December 2017

New Committee Members

Following the Centre AGM we have three new committee members along with a new webmaster, I would like to introduce them to you.

After four very successful years as our Webmaster, Tim Martin has decided to stand down leaving us with a very big gap to fill. Kelvin Fagan, who like Tim has a background in the Z Register kindly volunteered to take on the role. Tim is working with Kelvin to help make a seamless transition.

We can also welcome Nick de Vries along with Alison and Andrew Isaacson to the fold. It is only with the help of members such as these that we have the successful club that we are proud to belong to. May I welcome you and hope that you enjoy your role as committee members.

Anglia Rivera Run

Now into its fifteenth year, the very popular Norfolk Riviera Run will take place on Thursday the 28th December. Each year the event has a wonderful Christmas feel to it and is a very relaxing way to spend some of the holiday period.

Starting and finishing at the Royal Sandringham Estate Visitor Centre, entry forms can be downloaded from the website www.mgcc.co.uk/anglia-centre or for those of us who would rather not use computers, there is an entry form alongside the Anglia notes in the November issue of Safety Fast.

Anglia Centre History

The history of The Anglia Centre can be followed back to its inception in 1982 and a very colourful history it has too.

Founder member, Roger Latham has documented our rise from an initial meeting at The Kings Arms, Frating, to the present day which now sees our Centre as the fourth largest and one of the most vibrant Centres within the MG Car Club.

The story of our history can be read in full on the Anglia Centre website, a very compelling read it is too. Thanks must go to Roger for his work and attention to detail.

East Anglian Tour 2018

As detailed in last month's Centre Notes, the Anglia Centre is going to run a three-day tour from the 21st to the 23rd September 2018. Limited to just 25 cars if you would like to take part see the entry form in the February issue of Safety Fast or the Anglia website. Entry will open on March 1st.

P & A Wood

Our own Andrew Woods has again managed to arrange a visit to P & A Wood, the Bentley and Rolls Royce restoration experts. This is always a very popular event and always oversubscribed as the tour of the factory is limited to just 20 people.

The visit will be on April 14th; however, bookings will open on February 1st by contacting Andrew after this date at woodsyaew@gmail.com

As homage to our webmasters past experience with Z Register, this month's photo has a seasonal Christmas theme and shows an MG ZS on a snowy pass in the Lake District.
