

Anglia Centre Notes February 2019

The Sixteenth Annual Norfolk Riviera Run- A report by William Ball

Car Club members from as far afield as London and Nottingham attended the traditional Post Christmas Riviera Run, with a total of thirty-two cars converging on North Norfolk for the Anglia Centre's 2018 event on December 27th

Meeting at The Running Horse Restaurant, Fakenham from 9am for tea, coffee and rolls with plenty of time for a 'chinwag' before the first cars got underway at 10.

The route took the participants on a wonderful fifty plus mile drive through the North Norfolk coast from Blakeney to Happisburgh.

The Happisburgh Lifeboat Station was opened up especially for us, as one of the volunteers was a driver in the Metropolitan Police in the 1970's and drove an MGBGTV8 in the course of his work, he also drove a Sunbeam Tiger. He told me he was looking forward to seeing the cars. (I remember seeing the Police MGV8's in the 70's, do any Centre members who own one of the ex-Police cars now, it would be great to see a photo of one. 'scribe')

The run finished at Vera's Coffee Shop at Wayford Nurseries, Stalham and we were able to enjoy lunch and have a browse.

The weather was kind to us with dry roads and no frost, if a little overcast. A fantastic run and by all accounts a good time was had by all.

Events Planning

The new 2019 Calendar of events may well be available by the time you read these notes in the magazine this month. As I write Tony Batson our Events Co-Ordinator is producing it for our website and as soon as it is finalised Kelvin Fagan, our Webmaster will publish it and Alison Isaacson our Facebook Editor will post it.

Once it is on the website you will be able to download a hard copy to keep. For those members who do not use the internet and would like a paper copy, if you contact any of us on the committee, we can print one off and send it to you, (a SAE would be appreciated)

Remember you can publicise Club Meet events by sending information to Kelvin at webmaster@mccanglia.com or Alison at Facebook@mccanglia.com
