

## Anglia Centre Notes July 2019

### MG 101 Group Club Meet

Following on from the notes last month championing the successful Club Meet structure that we have within the club; the Central Bedfordshire MG 101 group organised a great day out and I am indebted to Jim Williams for providing the report.

Members of the Bedford 101 Club Meet enjoyed an excellent visit to the W&H Peacock Auction Centre. The visit started with a talk by one of their auctioneers and valuers on the history of the company, from its inception in 1901 through to the move to their new site, which is one of the largest auction centres in the country. We then toured the sale rooms and were given a detailed insight into each category of auction, including an Antiques Roadshow style quiz to value various antiques. The visit concluded with lunch in the centre's Gallery Café, overlooking the sale rooms. Reserved parking was arranged for the good array of our members MG's as can be seen in the accompanying photo taken on what was a wonderful day.

### Photographic Competition

When visiting various Club Meets and MG events members always seem to have some very interesting photographs, they have taken depicting MG's they have. It was decided at the recent meeting of the committee that we should hold a photographic competition, with an award given to the best judged photograph submitted.

The photograph should be one taken by yourself during the current year and be submitted to Kelvin, our webmaster at [webmaster@mgccanglia.com](mailto:webmaster@mgccanglia.com) for publication on the Anglia website.

The competition is open to all members, excluding Anglia committee members, and must be MG related
