

Anglia Notes October 2017

Final Race Weekend

With the end of the racing season upon us it looks like Richard Tinkler will wrap up Class A/B in the MGCC Watt Electrical Services BCV8 Championship at Snetterton this weekend, along with Howard Grundon taking Class B, Russell McCarthy Class D and Ollie Neaves both overall champion and Class C. However, there could be some down to the wire changes so watch this space. I will put the final results on the website as they arrive.

Winter Event Planning

It may not seem close but Christmas is only just around the corner and many of the Club Meets are now well underway with their annual dinners. The Burlblers are first to contact me with a date this year, theirs being on December 16th at The Bird in Hand, Wrenningham, contact Stuart Middlemiss stuart8vr@gmail.com

Restoration Trophy

The Anglia Centre Restoration Trophy is awarded to an Anglia member who has completed a noteworthy vehicle restoration in the past year. Nominations are invited from Club Meet leaders, with the selection of the winner being by a free vote of the committee. Preference is given to a member's self-restoration of the vehicle.

Previous winners include Ian Longhurst for the restoration of his works replacer MGB Race Car, Richard Tinkler for a fine home restoration of his MG TC and current holder of the trophy, Roger Martin with his splendid MG Midget.

So, anyone who is beavering away in the cold winter nights in the garage on that labour of love, why not get your Club Meet to nominate you for the award, it not only gives you motivation to get the job done but also inspires other members to complete their restorations too and helps to keep more MGs on the road.

Air Ambulance

Andrew Woods, of the Mid Essex Club Meet received a nice letter from the fundraising administrator for the Essex and Herts Air Ambulance thanking the Centre for the donation of £166 raised by sale of books at MG Live

A very worthy cause, for the latest news visit www.ehaat.org The helicopter provides lifesaving emergency rescue and could not operate without charitable support.

Photographs this month look back to summer with memories of the wonderful Anglia stand at MG Live and a lovely line-up of cars at The Anglia Summer Picnic
